Student Spotlights

Connie Mou
Ph.D Student

“Because of my mentors, I have been given real-life experience and opportunities I may not have previously been given,” Mou said. “I would tell any student studying in the department to take advantage of the faculty and staff here. They are more than professors—they are industry professionals.”

Elizabeth Beacham
Biological Sciences

“Whether you are pre-med or pre-vet, the department provides you with patient care experience that most will never have in undergrad. Because of the department, I feel ready for the next step in my career.”
